

AHMED OSSAMA

Full Stack Web Developer

Alexandria, Egypt | +20 1554580561 | +20 01050980802 | Exempted

aossama2015@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFILE

Full Stack Developer with hands-on experience in creating scalable web applications using modern technologies like Node.js, NestJS, Express, Next.js, React.js, MongoDB and PostgreSQL. With 9+ years of background in HR, I bring strong communication, teamwork, and project delivery skills to software development, alongside a robust problem-solving mindset.

INTERNSHIP

ICC Information Technology Institute (ITI) | Full Stack Web Development using MERN | Jul 2025 – Dec 2025

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript

Frontend Technologies: HTML5 | CSS3 | React.js | Next.js

UI Libraries: Tailwind CSS | Bootstrap | Framer Motion | ShadCN

Backend Technologies: Node.js | Express.js | Nest.js | REST APIs | Socket.io

Database: MongoDB | Mongoose ODM | PostgreSQL | TypeORM

Unit Testing: Jest | Jasmine

Development Practices: OOP | SOLID Principle

PROJECTS

➤ Schedio | Multi-Tenant Enterprise Workflow & Project Management SaaS

Tech Stack: Type Script, Node.js, Nest.js, PostgreSQL, Redis, Next.js, React, React Query, Zustand, Tailwind, ShadCN

[Live Demo](#) [GitHub Repository](#) [Swagger Docs](#)

- Architected a highly scalable multi-tenant infrastructure featuring strict organizational isolation, full data lifecycle automation (30-day soft-delete), and granular role-based access control (Admin, Manager, Employee).
- Built a background job system using Redis and BullMQ to automate task scheduling and automatically mark expired tasks as overdue.
- Designed a comprehensive Admin control dashboard to monitor global system logs, manage active multi-tenant organizations, override system settings, and audit cross-platform user activity.
- Implemented a production-grade authentication pipeline featuring refresh token rotation via HttpOnly cookies and short-lived Zustand access tokens, utilizing client-side session flags to seamlessly resolve cross-domain security restrictions.
- Built a high-performance frontend utilizing React Query for optimized server-state synchronization and cache management, eliminating redundant API overhead.

➤ El-Mister | Private Lessons Platform (ITI Graduation Project)

Tech Stack: Node.js, Express, MongoDB, Socket.IO, Next.js, React, Redux, Tailwind, Framer Motion,

[Live Demo](#) [GitHub Repository BE](#) [GitHub Repository FE](#)

- Developed a multi-role platform (Admin, Teacher, Parent, Student) with dedicated dashboards and role-specific data access
- Implemented real-time communication using Socket.IO and integrated secure payments via Stripe.
- Built a feature-rich backend with full CRUD operations, analytics, and scalable architecture
- Integrated OAuth (Google) and Cloudinary-based media management to enhance user experience

➤ Skill-Up | Learning Platform (Full Stack)

Tech Stack: Node.js, Express, MongoDB, React, Tailwind, Framer Motion, Zustand.

[Live Demo](#) [GitHub Repository](#)

- Architected a modular RESTful backend with JWT-based authentication and role-based authorization
- Integrated Stripe payments, Cloudinary media management, and email services using NodeMailer.
- Built a responsive frontend with efficient state management and smooth UI interactions
- Implemented pagination, validation (client/server), and robust error handling for production-level reliability

➤ Nala Automotive | Car Reselling Platform (Full Stack)

Tech Stack: Node.js, Express, MongoDB, React, Tailwind, Framer Motion, React query, Zustand

[Live Demo](#) [GitHub Repository](#)

- Engineered a role-aware API with JWT authentication and multi-level access control (Admin, User, Guest)
- Built a responsive UI with performance optimizations (lazy loading & code splitting)

➤ Book-Tracker | Personal Library Management System (Full Stack)

Tech Stack: Node.js, Express, MongoDB, React, Tailwind

[Live Demo](#) [GitHub Repository](#)

- Developed a full CRUD system with authentication, pagination, and admin role-based access
- Implemented secure validation, error handling, and API protection (Helmet, CORS)

PROFESSIONAL EXPERIENCE

HR Specialist | ISFP - Integrated Solutions For Ports | *Mar 2023 - Jul 2025*

HR Generalist | Abo Hendia Hospital | *Feb 2020 - Mar 2023*

HR Generalist | Begar For Carton Industries | *Feb 2016 - Jan 2020*

EDUCATION

Bachelor of Commerce | Alexandria University | *2016*

Major: Accounting

COURSES

Human Resources Certification Institute (HRCI) | Talent Acquisition | *Jan 2025*

Alexandria University | Peach-Tree, Quick-Books, Commercial Excel | *2017*

INTERPERSONAL SKILLS

- Communicate effectively both horizontally and vertically
- Excels in creative thinking and problem solving
- Effective allocation of time resourcesTeamwork
- Display an ability to learn rapidly and adapt quickly
- Promote harmony and teamwork

LANGUAGES

- Arabic (Native)
- English (B2)
